

G.R.I.T.

GREATNESS. RESILIENCE. INTEGRITY. TRUST.

G.R.I.T. Through my life experiences, I would argue the G.R.I.T. acronym encompasses qualities of a persons' character that builds future teachers, nurses, linesmen, and principals. G.R.I.T leaders strive for greatness with resilience and integrity. They have trust in the process. Today, they might not be saving lives, keeping the power on, or winning the Olympics, but they are showing G.R.I.T. every day. In preparation for someday, when they will be in their own Superbowl performance, on whatever platform that they dream.
